

LED SURGICAL LIGHT

SIMPLY BETTER

Cognate

Leading the way

Cognate CI-LED series
Surgical Light using latest
LED technology

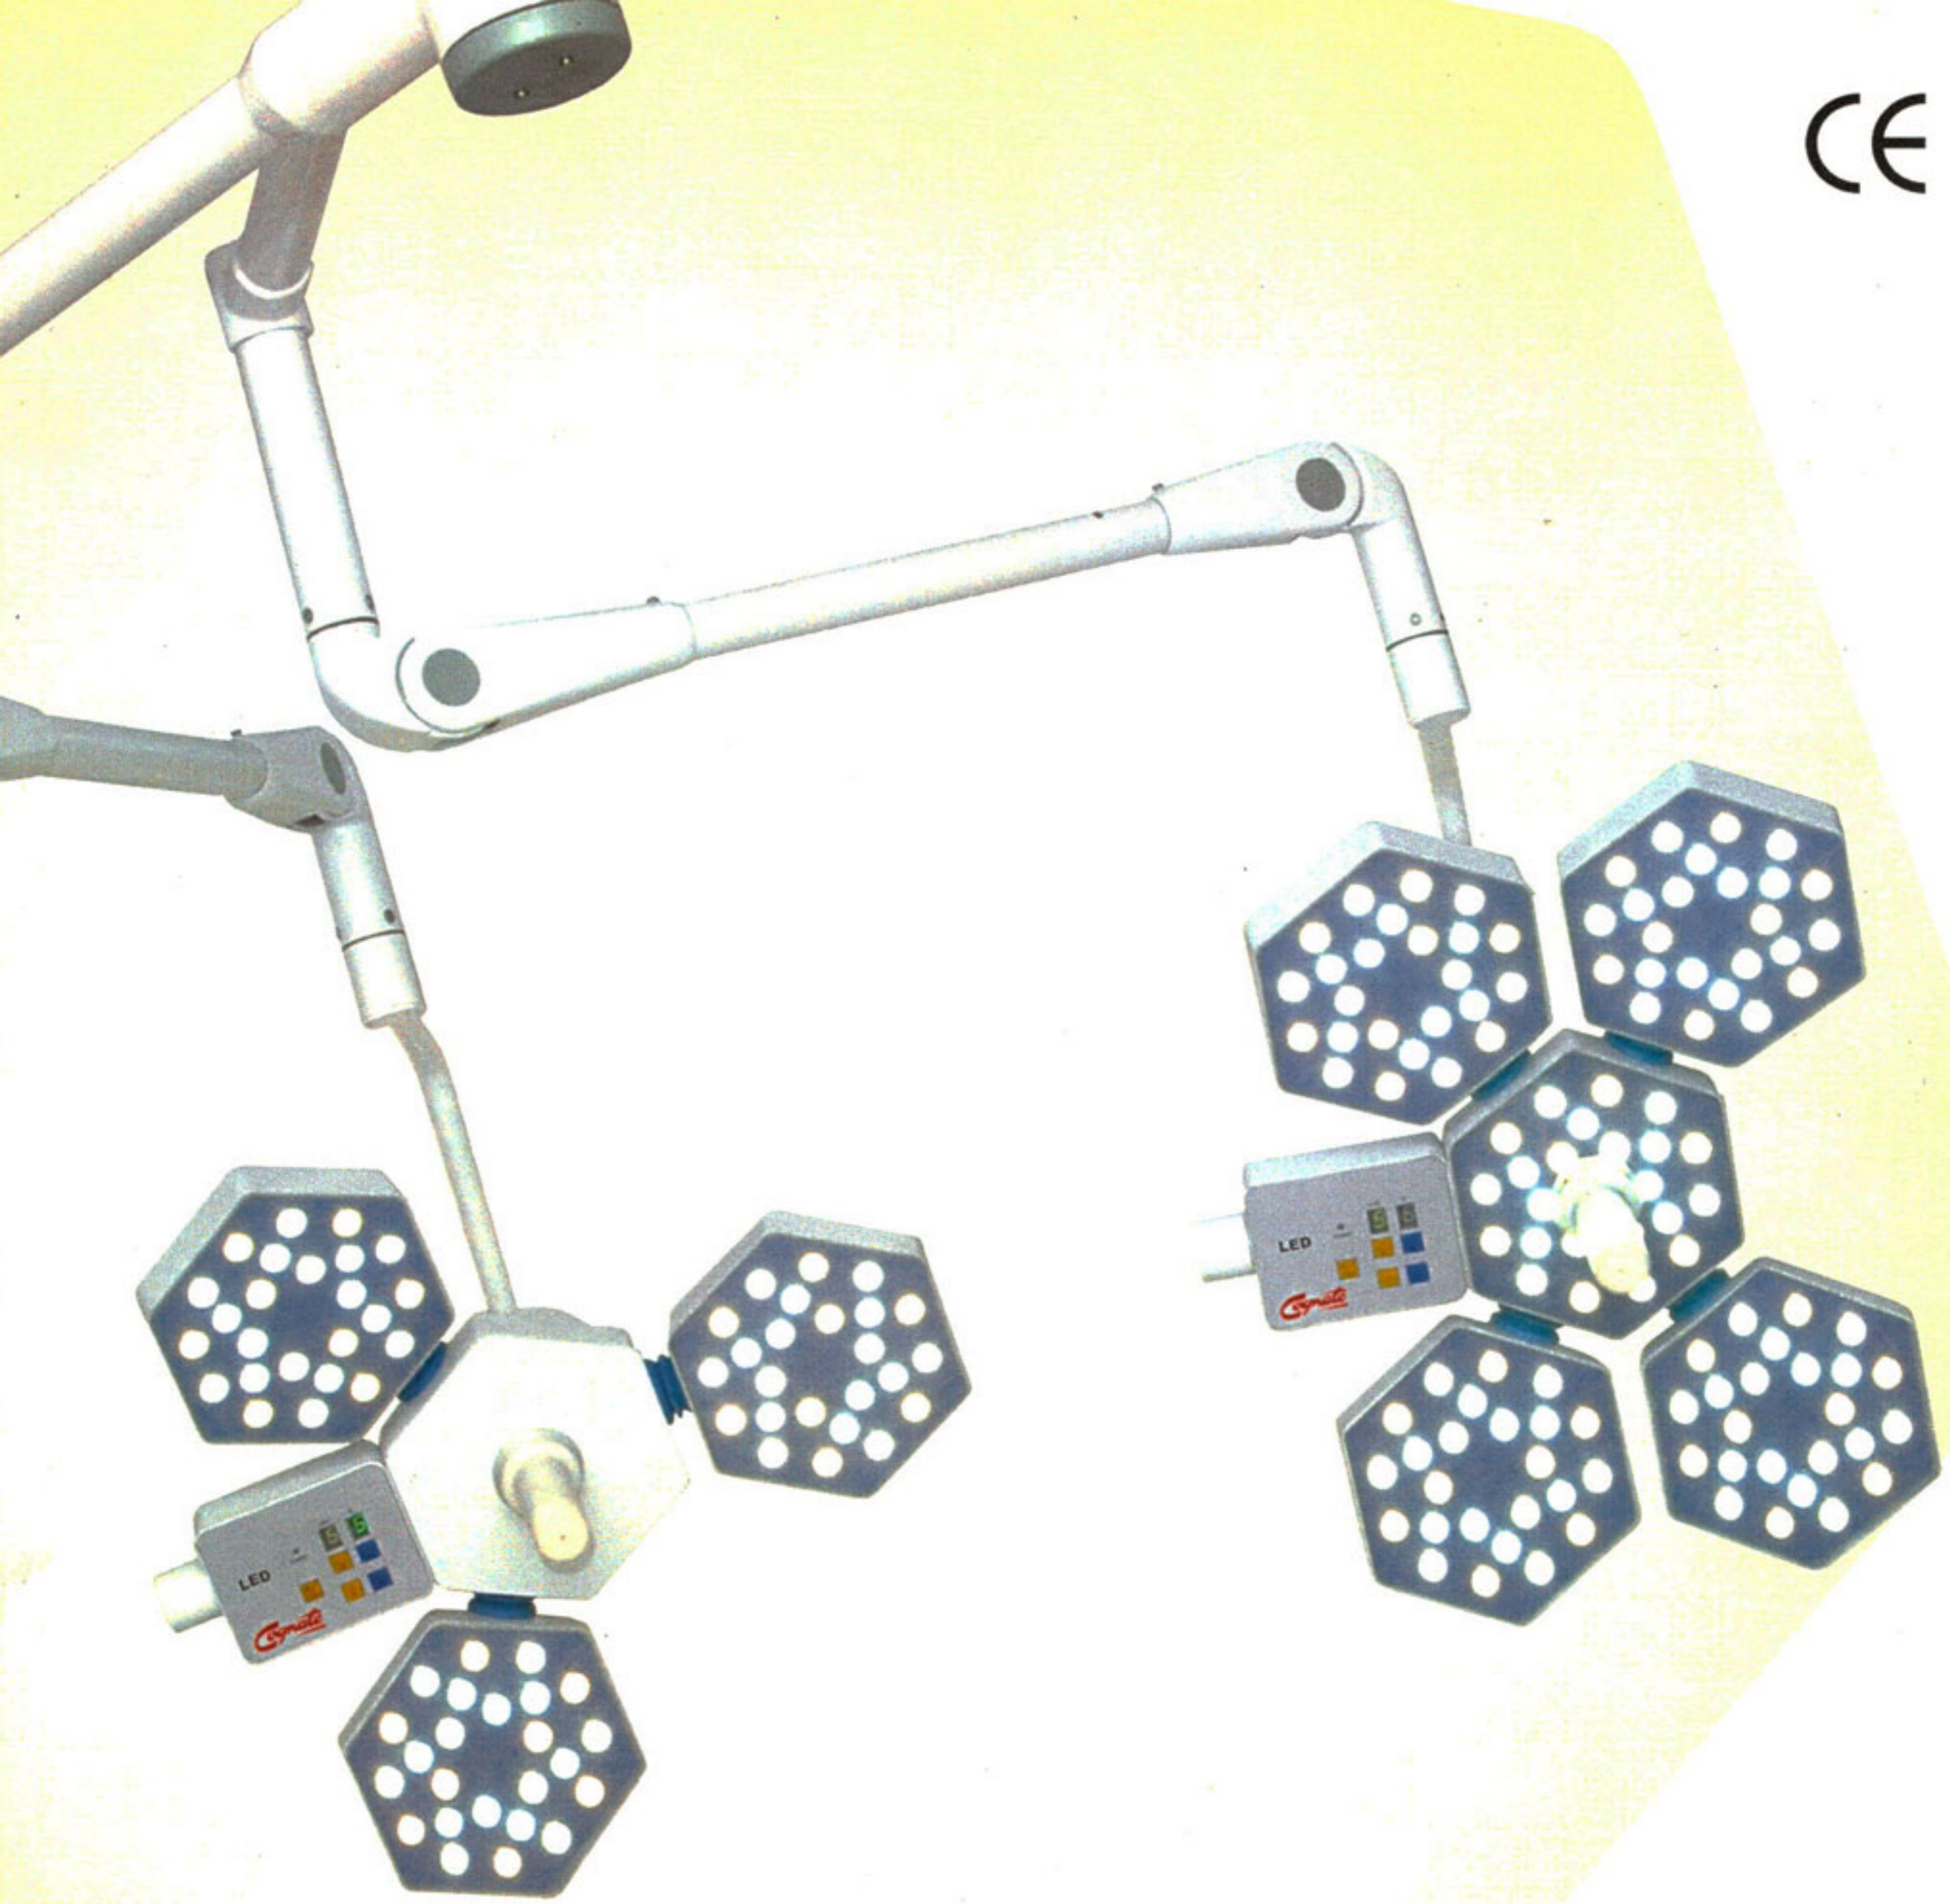

- With the leading edge LED technology CI-LED series offers excellent luminous efficiency, heat free light source and incredibly long life LED
- CI-LED series overlapping fields of light and multiple patterns minimize shadow and redirect the light to the operating area
- Feather touch macro control on the lamp head offers different level of light intensity
- Colour Temperature can be adjusted from 3800K to 5000K
- Optimized air flow design for better hygiene
- Sterilizable handle provided in the centre of lamphead for positioning and focusing
